

This is to inform you that I will be receiving clinical supervision from Rhonda Weimer, LCSW and Stacey Hall, LCSW, who will provide oversight and guidance for my social work practice over the next two years. The clinical supervision I am receiving is part of an educational process that will increase my skills as well as allow me to become licensed at Kansas' highest level, which is the LCSW (licensed specialist clinical social worker). I am currently licensed at the initial level, which is the LMSW (licensed master social work). I will meet with them on a regular basis at which time I may share relevant case information with them about you and the services I am providing you. This will include information you have shared with me about your background, history, concerns, and goals that are related to assessment, evaluation, diagnosis, and treatment considerations. They will use this information to advise me on providing the best clinical social work services for you that I can possibly do. They are ethically and legally obligated to protect your confidential information, the same as I am. They will not disclose any identifying information about you that I share with them to any other person.

I have been provided contact information for Rhonda Weimer and Stacey Hall.

Client

Wendy Hawkins, LMSW

Stacey Hall
Hall and Associates
